

Emergency Support Function #7 - Resource Support

ESF Coordinator:

Emergency Management Coordinator

Primary Agencies

Emergency Management
Floyd County 911
Floyd County Sheriff's Office

Secondary/Support Agencies

Virginia National Guard
Virginia Department of Transportation
Virginia Department of Emergency Management

Introduction

Purpose:

- Identify, procure, inventory, and distribute critical resources for locality during an emergency.

Scope:

- Floyd County will determine what resources are available and identify potential sites for receiving, storing, and distributing resources if outside assistance is needed;
- Resource support may continue until the disposition of excess and surplus property is completed; and
- During an incident if demand for resources exceeds the locality's capabilities, then outside requests will be made based on Memorandum Of Understanding (MOU), Mutual Aid agreements and request made through the Virginia Emergency Operation Center (VEOC).

Policies:

- Floyd County will use their own resources and equipment during incidents and will have control over the management of the resources as needed to respond to the situation;
- Individuals involved in distributing and/or obtaining resources will be aware of emergency procurement policies and have the authority to do so in an emergency situation;
- Each department with an emergency management role will be responsible for identifying its resources that could be used in an emergency; and
- The Emergency Operations Plan (EOP) reflects state policy, regarding requesting resources based when that policy is determined, request can be made through WebEOC.

Concept of Operations

General:

- Potential sites for distribution centers will be identified, if necessary, and strategically located to facilitate recovery efforts; and
- Priorities will be set regarding the allocation and use of available resources.

Organization:

- Departments, with an emergency function, will be responsible for identifying resources, including human resources;
- Convey available resources to Emergency Management Coordinator;
- Identify potential distributions sites for emergency response;
- Identify policies and personnel responsible for obtaining resources;

Actions/Responsibilities

- Designate local department(s) within the community responsible for resource management;
- Develop resource lists that detail type, NIMS Typing, location, contact arrangements, and acquisition procedures for critical resources;
- Prepare mutual aid agreements with local, and surrounding jurisdictions to aid the locality;
- Develop SOPs to manage the processing, use, inspection, and return of resources coming to the locality;
- Identify actual or potential facilities and ensure they are ready and available to receive, store, and distribute resources (government, private, donated);
- Develop training/exercises to test plan, and to ensure maximum use of available resources and understanding of policies to obtain resources from outside the locality;
- Coordination with ESF-15 to ensure the community is aware of available resources.
- Coordinate with ESF#17 on affiliated and unaffiliated volunteers and donations.
- Strategize the transportation resources through restricted areas, quarantine lines, and law enforcement check points
